

## **Blindfold**

I remember how she blindfolded me  
to let me taste her cooking  
using her fingers to feed me  
the raw passion of food in my mouth  
each taste, each bite  
sweeter than the last.  
Everyone should experience  
food that is like sex  
that makes you feel you have reached Nirvana.  
Give me moments of eating like that  
and I will die a happy person.  
Sweet, sour, salty, bland  
yin and yang  
everything we ever dreamed  
that could make our stomachs full  
and the next meal a dream to be fulfilled.
