

## **Something about Syrah**

**There is something about Syrah  
that is so alluring-  
opulent fruit that is round-  
like a rubenesque woman  
a work of art that makes us gaze deep  
into the depths of its beauty.  
A taste so rich  
we find ourselves lost in the plummy fruit,  
And legs that go on forever.  
It is a seduction  
in the glass.**
